

Safeguard Children's Health at School

Every mother should give careful attention to the health of her children at this time. Now that the little ones are shut up in the school room each day, they are sure to show the effects of this confinement. Congestion of the bowels is likely to follow, with sore throat and probably fever.

Then again, your children are coming into close contact every day with many other children of all classes. Colds and other ailments are passed from one to another, and these complaints are common during the winter.

What children need is a reliable tonic to keep their bowels clean and to strengthen their systems so that their little bodies are able to resist disease. Malto-ferrin is the ideal tonic to give them. They love to take it because of its palatable taste, and it keeps them in splendid health.

Send to the nearest drug store today for a bottle of Malto-ferrin, either in the fifty-cent or one dollar size. It will help you wonderfully, too.

Malto-Ferrin gives Strength & Vigor

MOVIE ACTRESSES AND THEIR HAIR

Did it ever occur to you that every movie actress you have seen has lovely hair, while the most popular count their curls as their chief beauty? In fact, many are leading ladies just because of their attractive locks. Inquiry among them discloses the fact that they bring out all the natural beauty of their hair by careful shampooing, not with any soap or make-shift, but with a simple mixture by putting a teaspoonful of cantharox (which they get from the druggist) in a cup of hot water and applying this instead of soap. This full cup of shampoo liquid is enough so it is easy to apply it to all the hair instead of just the top of the head. After its use, the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. The hair is so fluffy that it looks much heavier than it is, while its lustre and softness is delightful.—Advt.

Various Forms Of Headache

"It is necessary in order to treat headaches properly to understand the causes which produce the same," says Dr. J. W. Ray, of Brooklyn, Ala. Continuing, he says, "Physicians cannot even begin the treatment of a disease without knowing what causes give rise to it, and we must remember that headache is to be treated according to the same rule. We must not only be particular to give remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. To answer this purpose anti-kamnia tablets will be found almost convenient and satisfactory remedy. One tablet every one to three hours gives comfort and rest in the most severe cases of headache, in children, and particularly the headaches of women. "When we have a patient subject to regular attacks of sick headache, and when he feels the least sign of an on-coming attack, he should take two A-K Tablets. Obtainable at druggists in any quantity desired."—Advt.

NUXATED IRON

100% FORFEIT
Increase strength of delicate, nervous, run-down people 200 percent in ten days in many instances. \$1.00 per bottle. If it fails, ask your doctor for a full explanation in large article which is sent with each bottle. Ask your druggist about it. All good druggists always carry it in stock.—Advt.

TOPNOTCH TABBIES OPEN SPECIALTY SHOW A-TOP THE M'ALPIN

Have Pedigrees Reaching Far Back Into Persia, but All Are American Bred.

A lot of high-toned cats are having a high old time in the Winter Garden on top of the Hotel McAlpin. It's the fourth Specialty Show of the Cat Fancy held by the Silver Society, and the aristocratic tabbies will be the topnotchers in the feline world to-day and to-morrow.

All morning chipmunks, shaded silver, silver tabbies and smokes were arriving in automobiles. As fast as they were taken from their baskets they were inducted into apartments of silver wires, with silken hangings, and were combed, brushed and manicured by their maids. Some of the arrivals, unused to public receptions, remonstrated with faint meows; but not a feline voice was raised to the concert pitch of a backyard fence.

These furry four-footers are thoroughbreds, with pedigrees reaching far back into Persia. But they are all American bred, and they have the English pussies backed off the board, old top. Oh, dear, yes. The English tried it on, don't you know, and the Americans got all the ribbons and cups and whatnots for prizes. There's Bobby Shafto, now. Bobby is a silver male and has won six champion points. He's won blue ribbons enough to open a small dry-goods store. And there's Floo Floo and Moo Floo, the smokes of Mrs. Snow of Philadelphia, proving that every cloud has a silver lining. Don'thorne is a chinchilla, owned by Mrs. Churchill of Montreal, with a record longer than his hair. Champion Argent Dazzle is another beauty and Gloria Viola is an inveterate winner. Mrs. Gilbert Genymere is an old timer and has had enough honors in the past to make him a show wonder.

Ignorant persons think all tabbies are cats and that all cats are tabbies. A tabby is in a class all by himself or herself. A silver tabby is worth a lot of money, or, rather, it costs a lot of money.

On the reception committee in the Winter Garden are: Mrs. James Speyer, Chairman; Mrs. F. W. Vanderbilt, Mrs. M. Orme Wilson, Mrs. Franklin L. Hutton, Mrs. L. G. Morris, Mrs. Clifford B. Harmond, Mrs. J. Deneley Prince, Mrs. William R. Dillon, Miss Edith Mathilde Alma, Mrs. Kate T. Warner, Mrs. Sadie Keene, Mrs. E. L. Lutz and Mrs. L. W. Warren.

MAYOR APPROVES TEST OF MALTBI'S STANDING

Not Overwhelmed by News That Chamberlain Is Doing Some Outside Work for Other Cities.

Mayor Mitchell said to-day that he approved of the course of the Comptroller in asking the Corporation Counsel for legal advice as to whether City Chamberlain Milo R. Maltbie had vacated his office by reason of accepting outside employment. "That was exactly what the Comptroller should have done," said the Mayor. "Have you heard that Mr. Maltbie has admitted giving advice to several other cities in addition to the employments that were published?" he was asked. "I am not overwhelmed or astonished by that information," said the Mayor. "He told me that he had been invited to give advice to several other cities. Boston, for instance, wants some advice by letter. It will probably take Mr. Maltbie an hour some night after he goes home to write this letter." The Mayor was asked if he knew that the Chamberlain had a couple of men installed in room 384 of the Municipal Building for some kind of work not defined. "Oh, that is the retiring cave that the city provided for me, but I have never reached it yet," he said. "I have no detailed knowledge of the fact that Mr. Maltbie is using this room. I know he is getting out a lot of work for the city—or trying to, with regard to public utilities—but I don't know what the men in that room are doing."

an hour some night after he goes home to write this letter." The Mayor was asked if he knew that the Chamberlain had a couple of men installed in room 384 of the Municipal Building for some kind of work not defined. "Oh, that is the retiring cave that the city provided for me, but I have never reached it yet," he said. "I have no detailed knowledge of the fact that Mr. Maltbie is using this room. I know he is getting out a lot of work for the city—or trying to, with regard to public utilities—but I don't know what the men in that room are doing."

MILITARY TRAINING NEARER.

Mayor Mitchell Hopeful After Visit to Washington.

Mayor Mitchell announced to-day when he returned from Washington, where he saw the Secretary of War and members of the Senate Military Committee in the interest of military training, that he thought the prospects for progress in the training movement were excellent.

"The Secretary of War has requested an appropriation of \$3,000,000 for military training," the Mayor said. "and I think that Congress will make the appropriation. I feel hopeful that the Senate Military Committee will report a general training bill."

For over twenty years doctors have prescribed **Resinol** to heal itching skins

In our file of reports, covering a period of twenty years, literally thousands of physicians tell how successful the Resinol treatment is for eczema and similar skin troubles. The first use of Resinol Ointment and Resinol Soap usually stops the itching and burning, and they soon clear away all trace of the unsightly eruption. No other treatment for the skin now before the public can show such a record of professional approval.

Resinol Ointment and Resinol Soap contain nothing that could injure or irritate the tenderest skin. They clear away pimples, redness and roughness, stop dandruff, and form a most valuable household treatment for sores, chafings, cuts, burns, etc. Resinol Soap, used for the shampoo, keeps the hair healthy.
